

AMENDMENTS TO THE SPECIFICATION

In the Specification

Please replace paragraph [0068] with the following amended paragraph:

[0068] The cutouts 1370A-D may have a number of common shapes such as rectangles, squares, triangles, circles, ellipses ~~elipses~~, and others. The cutouts 1370A-D may also have random shapes. The cutouts 1370A-D may have an elongated shape such as a rectangle that has a longest axis that is perpendicular to the linewidth 1330 to provide comparatively more radiation along the top or alternatively the bottom edge of the previous exposure.
